Jim

Unfortunately I am not being allowed to participate (per HSCD management). The last time I met Bob and Karl for a site in Washington County – they stayed at a hotel off the Racetrack Exit off of I-79. I'm assuming that they will stay in or around the same location.

Best is if you coordinate with them. Not sure if you will be able to get travel approved. To justify the “50 miles from the Duty Station” requirement – maybe you could stay near Southpointe (this would give you the distance you need) and the home of Range Resources. Still close to the Carter Impoundment

Just a suggestion.

Good Luck

Debbie Lindsey

Debbie,  
Do you have a good meeting place in mind?  
Jim

Thanks for wanting to join us, Jim! We really welcome the opportunity to meet with you!

Bob Helverson and Karl Markiewicz on my staff will be representing ATSDR - I will not be going out this time. They are traveling out from PHL on the 15th and will be in the area all day on the 16th and the morning of the 17th I think. I cc'd them here so you can all coordinate when/where to meet up.

Thanks, again!  
Lora

Lora,  
Thank you for the e-mail. I am very interested in the site visit next week. Do you know what day the visit is planned?  
Jim

Hi, Kathy  
This is the Carter Impoundment petition ATSDR is evaluating, as well as the email we sent to PADEP Oil and Gas this morning as we prepare for our scoping site visit next week. Shawn was a cc on this petition originally as well.

I just met with Paul Dressel, who is acting for Samantha today. He gave the ok for Jim Klein to meet with us when we do our site visit next week (thank you Paul and Jim). I mentioned that my understanding at this point is that HSCD's participation in this site visit was going to be with the agencies only, and that my expectation was that Jim would participate to the extent that HSCD did.

Please let me know if you need any further info. We really appreciate the chance to share cross-program and agency information with each other as we evaluate this concern.

Subject: Petition to ATSDR for Carter Centralized Wastewater Impoundment; request to meet with PADEP

Hello Vince

Thank you for speaking with Deb, Bob, and me today.

Here is the petition ATSDR received regarding health concerns at the Carter Impoundment. PADEP Krancer and Epps were cc'd on this original transmission. ATSDR is now gathering information to make an evaluation of whether we will accept this petition for further evaluation or not. As part of this information gathering process, ATSDR is planning a site visit to the impoundment next week (May 15-17). We would greatly appreciate the opportunity to meet with PADEP staff members while we are in the field, if that is possible.

Please let us know.

Best, Lora
